

UNIVERSITA' POLITECNICA DELLE MARCHE

Facoltà di Economia "Giorgio Fuà"

Preliminary test

Instructions

1 TAKING THE TEST

The self-assessment test is online.

All the necessary information is available at <https://www.econ.univpm.it/deb-ofa>.

2 REQUIREMENTS

Below we list the hardware and software requirements and the checks to be carried out before the test.

1. Configuration of workstation.

The student must have:

- a. Notebook, computer desktop or tablet
- b. Internet connection
- c. Web browser

Info:

- a. There are no specific operating system requirements for the test. You can use MS Windows., Apple or Linux systems.
- b. To take the quiz, you need to connect to a web page.
All "current" browsers are supported. However, the use of Mozilla Firefox or Google Chrome (in the latest versions) is recommended.
Both browsers are freely downloadable from the web.

It is also possible to use a tablet or in general a device (e.g. smartphone) capable of displaying the website with a resolution that is deemed adequate for carrying out the test.

2. Verify your login credentials.

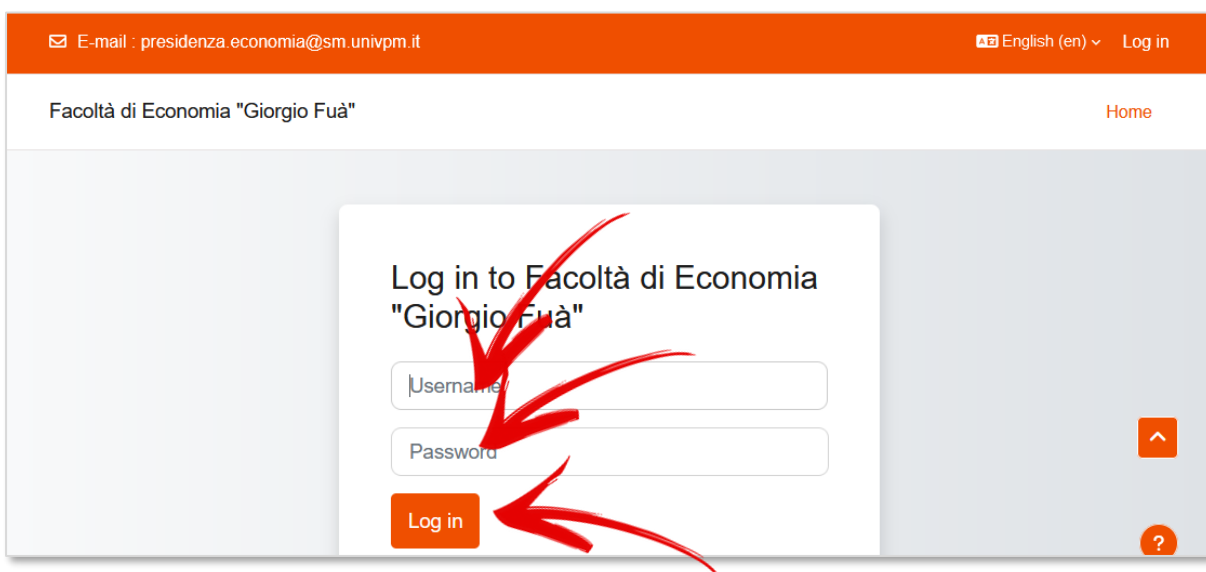

The e-mail that you will receive indicates:

- The test platform web address.
- The login credentials (username and password).

The student must verify all the data within **the day before the start of the test** by connecting to the site and logging in. In case of a login error, please send an email to deb.contact@univpm.it. The staff will provide you support by sending, if necessary, new access credentials.

Please follow these instructions to verify your credentials:

- a. Go to <https://quizofa.econ.univpm.it>.
- b. Click on **Login** and enter your credentials (username and password) indicated in the e-mail.

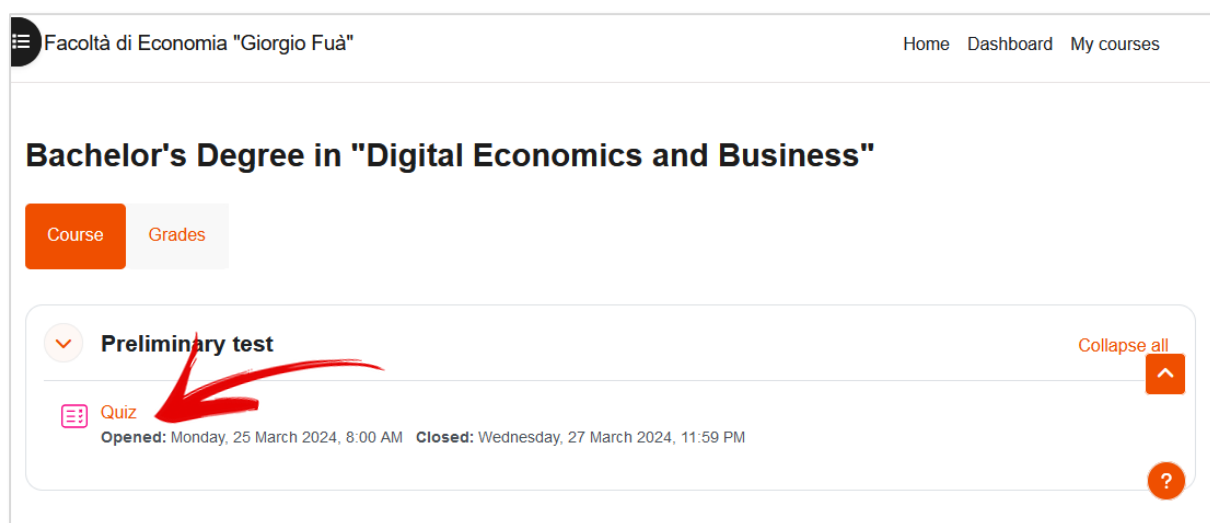

- c. After logging in, click on the **Access to test** in the **Bachelor's Degree – Digital Economics and Business** section.

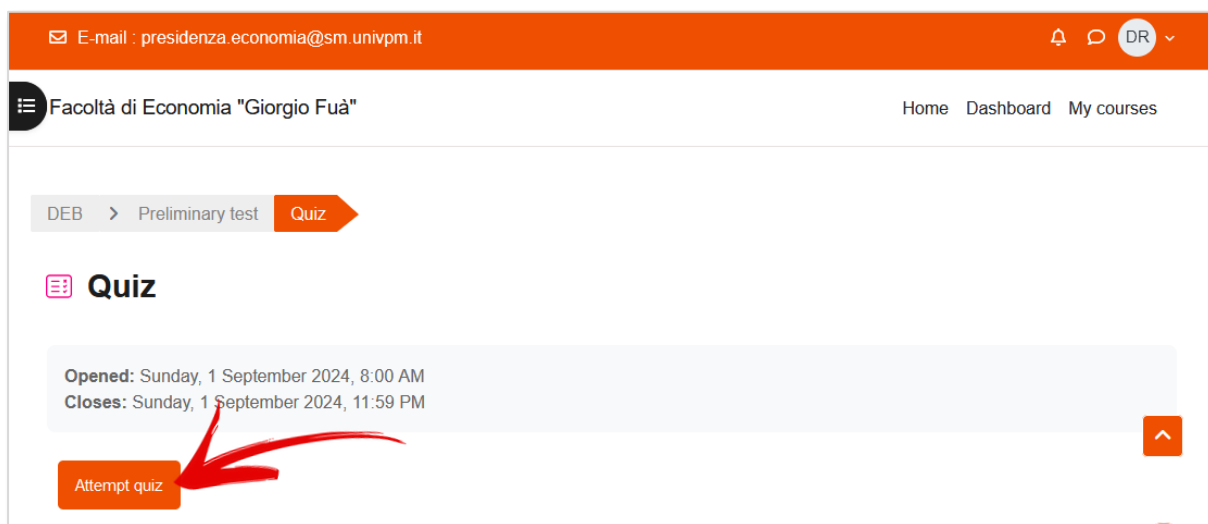

Test is a quiz organized as follows:

- duration of **30 minutes**;
- **20 questions**;
- all questions have alternative answers - **4 answers** for each question;
- each question can have **only one selectable answer**;
- all questions **always have a valid answer**;
- the topics of the questions are:
 - MATHEMATICS
 - LOGIC
- A correct answer is always worth **1 point**;
- A wrong answer is worth **0 points** - **there is no penalty for wrong answers**;
- An unanswered question is worth **0 points**;
- To pass the test it is necessary to score **8 points**, obtaining at least **1 point for each topic**.
It is necessary to correctly answer at least **one of MATHEMATICS and one of LOGIC** and at **least 8 correct answers**.

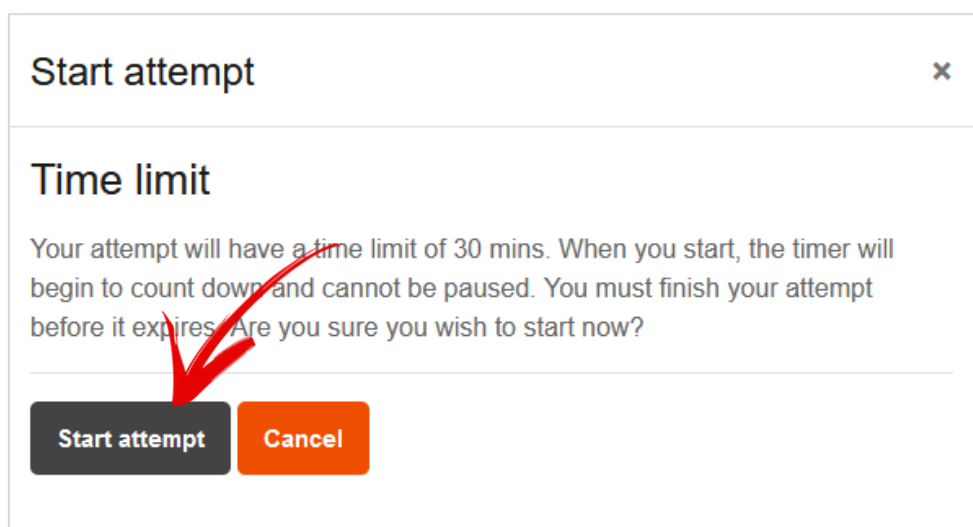

- a. Go to <https://quizofa.econ.univpm.it>
- b. Click on **Login**
- c. Insert your login credentials (username and password)
- d. Click on **Access to test** in the **Bachelor's Degree – Digital Economics and Business** section
- e. Click on **QUIZ**.

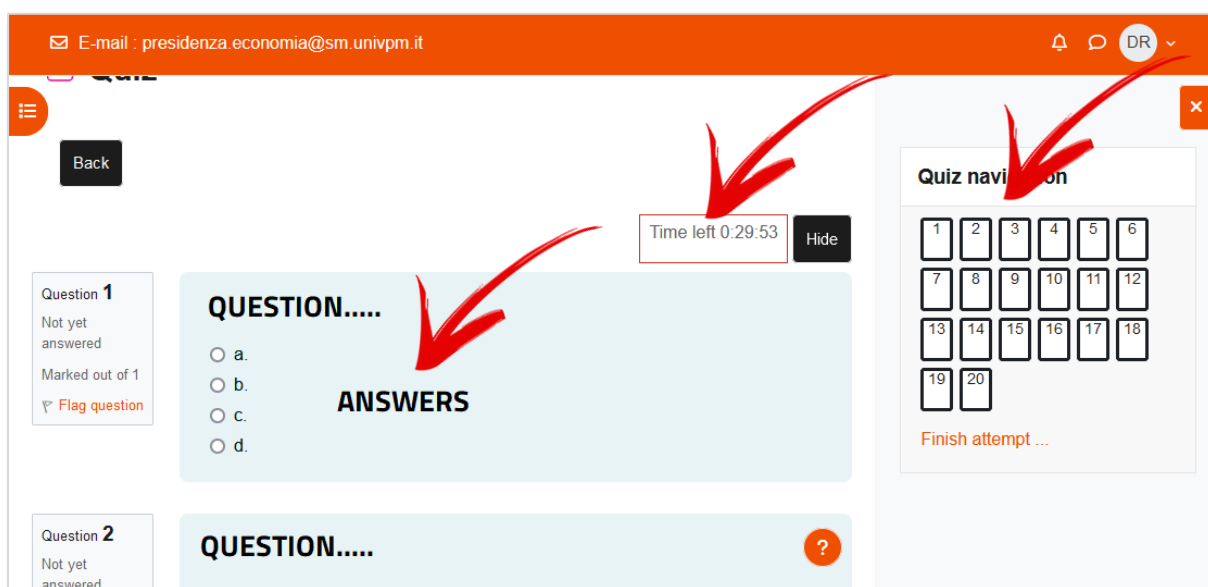

- f. Click on **Attempt quiz** to start the test.

- g. Then to **Start attempt**

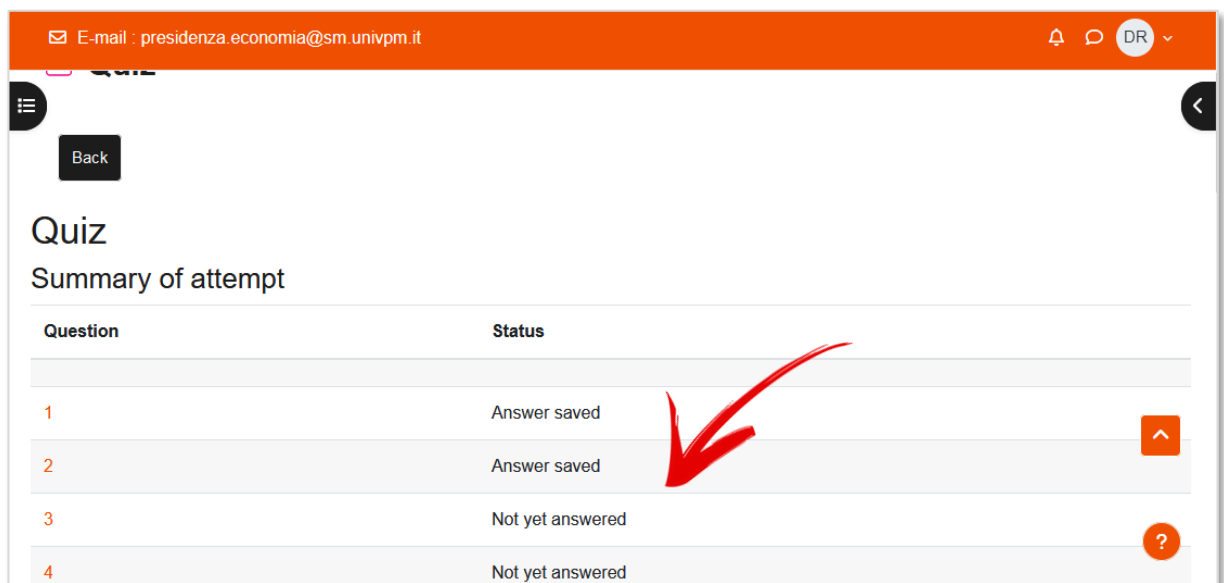

- h. All questions will appear on one page, there is no specific order you have to follow to answer and your answers will be amendable.

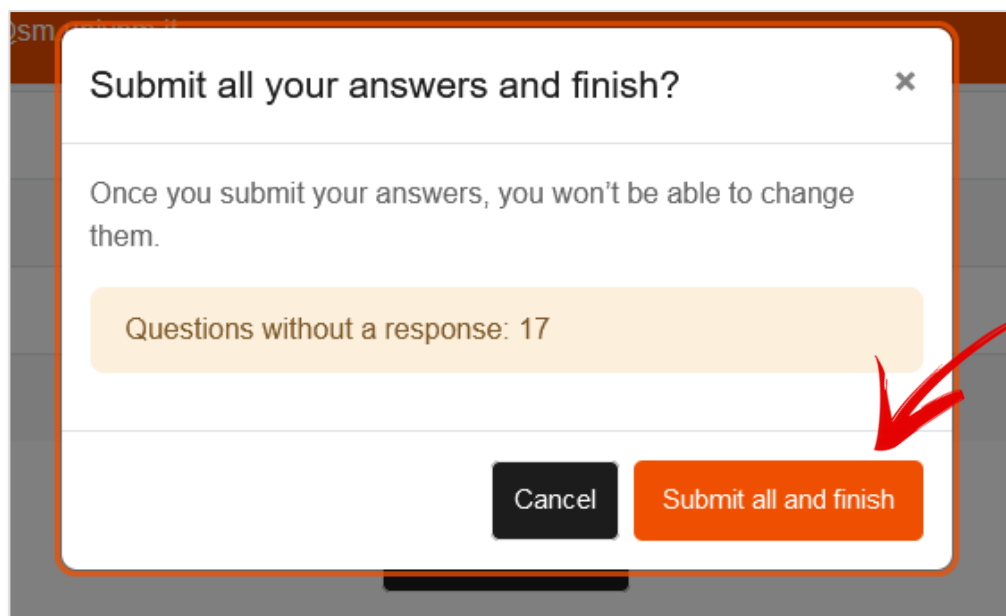

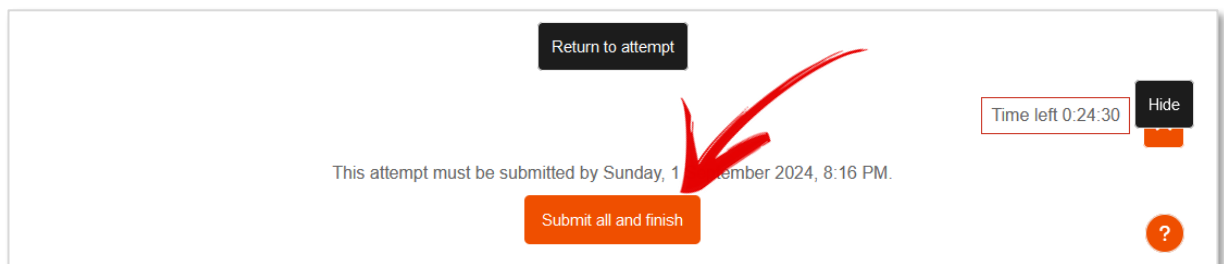

- i.

- j. Once completed the test, you can confirm your answers by clicking on **Finish attempt.....**
- k. The system will recap your test and will indicate which questions still have no answer.

- l. To definitely confirm the registration of your test, please click on **Submit all and finish**.

Click on **Back to course** and **Logout**.

The list of students who passed the test will be available at <https://www.econ.univpm.it/deb-ofa>.

Students who failed the test can repeat it in the following sessions.

Dates and enrolment form are available at <https://www.econ.univpm.it/deb-ofa>.

- Please visit <https://www.econ.univpm.it/deb-ofa> to find info on the test
- For any questions please contact deb.contact@univpm.it
- For any inconvenience during the test please contact +39 071 2207100
